Learn More About FIRE & ICE

Fire and Ice is a smooth and spicy cultivar backed by powerful genetics. Bred by Sunken Treasure Seeds, this hybrid has a complex lineage; it's a cross of Ice Cream Cake x Grape Balls Of Fire x Mac Stomper.

Its aromatic profile is a playful mix of Creamy Gas with hints of Grape. Bright golden amber pistils with dark blue hues enhance the plump shape of each bud and, upon closer inspection, you'll notice a full coverage of trichomes iced all around the flower – completing the 'fire and ice' essence of this strain.

Sit back and enjoy the cerebral, and psychedelic blast off from this ferocious hybrid's strong THC content.
