

Sativa

Introducing Chimera [kahy-meer-uh] by BeLeaf Cannabis. Chimera is a cross of White Truffle x The Creature, promising a unique experience for all cannabis enthusiasts.

Chimera's buds are a sight to behold, showcasing bright green buds with orange hairs, all covered in a thick layer of trichomes. Its fragrance is enchanting, offering a bouquet of butterscotch, caramel, and citrus. When smoked Chimera's flavor develops more into a blend of crème brule and citrus, leaving you with a unique flavor unlike any other strain.

As a sativa dominant strain Chimera excels in every aspect, from its effects and appearance to its aroma and smoke. Let Chimera release its exhilarating effects, featuring euphoria, creativity, and energy, as it guides you on an unforgettable journey.
